### **Items Needed from Client for Application:**

1. A Cashier's Check or Money Order payable to AL Licensing Board for General Contractors in the amount of \$300
2. Proof of liability insurance with AL Licensing Board for General Contractors listed as the certificate holder
3. Proof of citizenship (Driver's License, SSN Card, Birth certificate, whatever you give a job to start working there with your I9 form)
4. A financial statement prepared by a CPA or LPA
5. Three Experience Reference Pages prepared and signed by someone who supervised the applicant's work. We will still have to list individual projects on the application, so whatever we submit in the application, the experience reference page should match whatever we put down for projects.
6. Signature Page Notarized (need this mailed to me)
7. Org chart for the business. We can do this for a fee, or they can do it themselves. There are free apps online, but it is currently unknown how to make an org chart for a single guy running his own business.
